Circular No. 04/2026-27

Date: 22/04/2026

III - LANGUAGE CURRICULUM
(FOR CLASS VI)

Dear Parent,

We would like to share an important update regarding the language curriculum for students of Class VI from the academic session 2026-27.

In line with the guidelines issued by CBSE and the National Curriculum Framework for School Education (NCFSE 2023), the school will be adopting the Three-Language Formula. This framework is designed to strengthen students' language skills while also promoting a deeper connection with Indian languages and culture.

Please note:

Students will study three languages:

- English
- Hindi
- Sanskrit

Alongside these, foreign languages will continue to be offered for two periods per week during skill classes. This will give students an opportunity to explore an international language in an engaging and enjoyable manner. Please note that there will be no formal assessment or examination for foreign languages.

We would also like to reassure you that this change has been thoughtfully planned to ensure a smooth transition for students, keeping their overall learning experience balanced and meaningful.

Your continued support and cooperation are invaluable to us as we implement this initiative.

Amita Ganjoo
Principal
