Date: 07/05/2026

GUIDELINES FOR SCHOOL DISCIPLINE & REGULARITY

(FOR CLASSES PRE-NURSERY TO XII)

Dear Parent,

It has been observed that some students are reporting late to school on a regular basis. Timely arrival helps students settle down calmly and begin the day in a positive and disciplined manner. Parents are requested to ensure that their wards reach school before the reporting time every day.

Students will not be permitted to leave the school premises after the commencement of periodic tests. Parents are requested not to send their wards to school in case of any medical emergency or illness.

We would also like to draw your attention to proper school grooming and uniform norms. Students must attend school strictly in the prescribed uniform. Boys are expected to maintain neat and appropriate haircuts, while girls must ensure that their hair is properly tied and groomed in accordance with school guidelines.

Parents are requested to ensure that students do not bring costly gadgets such as smart watches or mobile phones to school.

Students celebrating their birthdays are kindly requested to come to school in decent and appropriate attire that maintains the dignity and decorum of the school environment.

Furthermore, parents are requested not to seek half-day permissions for attending family or social functions. Half-days will be granted only in cases of medical emergencies or unavoidable exigencies.

Kindly note that tiffin boxes, water bottles, or other belongings forgotten at home will not be accepted at the school reception during school hours. We encourage parents to help students develop responsibility by ensuring that they carry all essential items before leaving home.

We seek your cooperation in maintaining discipline and smooth functioning of the school.

Amita Ganjoo
Principal
