From the Principal's Desk

Ms. Amita Ganjoo

As we step into a new academic session, it gives me great happiness to share the first edition of Bits & Bytes for the months of April -June 2026. A new session always brings fresh energy, new ideas, and countless opportunities for learning and growth.

This year is especially memorable for all of us as we celebrate the Platinum Jubilee Year of the Vishwa Bharti Women's Welfare Institution-75 glorious years of dedication to education and holistic development. It is a proud moment to be part of an institution that has consistently nurtured generations of learners with strong values, academic excellence, and a progressive outlook.

In today's fast-changing world, education is no longer confined to classrooms and textbooks. Our focus continues to be on creating an environment where students develop essential life skills, confidence, creativity, and adaptability. Through technology-integrated learning and experiential activities, we are preparing our learners to face future challenges with competence and responsibility.

The enthusiasm and participation shown by our students in various academic, cultural, and co-curricular activities during these initial months of the session have been truly commendable. Their achievements reflect the collective efforts of dedicated teachers and supportive parents who work hand in hand for the growth of every child.

I congratulate the editorial team for bringing out this edition and wish all our students a joyful, productive, and enriching year ahead.

A WINDOW TO CREATIVITY
